Rayvex: Great properties of Hard Resin plus better abrasion resistance!

1.50 Hard Resin
("CR-39", "RAV7")
1947 → RAY’VEX®
2013

Intrinsic abrasion resistance
Good → Even better!

Price
Low → Low; Better “value for money”

Ease of selling
No. 1 lens material since 65 years → Very similar – only better!

Ease of Post Processing
Easy = Same as Standard 1.50 Hard Resin

Optical properties
The best!! (Abbe = 58) = The best!! (Abbe = 58)
